

## **PRIVACY POLICY**

This privacy policy governs the use of the software application Антирадар М. Радар детектор. (the "App"), which package is "com.macsoftex.antiradar.free", that was created by Macsoftex Company (the "Company"). The App is basically a map or radar that shows and warns about the road dangers of an internal database and the road dangers submitted by the other users of the App in real time.

### **Using information obtained by the App**

#### **User provided information**

The App will collect your Device ID, app Version, language, country and push id. Registered users agree to associate all the previous data to user's account. When a road danger is added the App send to an online database your device ID, location, type, name and time of this point to let you see, modify and delete it in future uses of the app. This points will be shown in other users map of the app and they will be able to vote them and the Company have the rights to commercialize them.

#### **Automatically collected information**

In addition, the App may collect certain information automatically, including, but not limited to, the type of mobile device you use, your mobile devices unique device ID, your mobile operating system and information about the way you use the App.

The App may use, when activated the mobility function (Find My Car), access to battery consumption, Wifi and Bluetooth systems connectivity data, type of device, location, operating system, sensory input and system crash information. This data will be collecting and the features used to do so, including that such information may be collected even when the App or is shut down.

#### **Collecting precise real time location information of the device**

The App use the GPS technology to track your position for timely warning about road dangers.

The App can also collect precise location data even when the app is off, in case the mobility service (Find My Car function) is activated.

#### **Accuracy of information and responsibility**

All the users in real time provide the road dangers locations. The Company combine the information and update the database with road dangers. However, the Company cannot assure the validity of the information (road dangers) and the users must use them by their own responsibility.

The Company is not responsible for any consequence due to the incorrect description or information in the App. The users must be use it by their own risk taking in mind that some road dangers could not be in the database.

Besides, neither the Company nor the third parties related are responsible for any kind of data displayed in the app. The user must use it by his own responsibility.

The Company and/or the third parties does not provide any kind of warranty or does not have any kind of liability about the Raw Mobility Status and Location Data as the data derived from them. User must use them with they own responsibility.

#### **Accessing information obtained by the Application**

The Company will share obtained information with third parties only in the ways that are described in this privacy statement.

We may disclose user provided and automatically collected Information:

- as required by law, such as to comply with a subpoena, or similar legal process;
- when we believe in good faith that disclosure is necessary to protect our rights, protect your safety or the safety of others, investigate fraud, or respond to a government request;
- with our trusted services providers who work on our behalf, do not have an independent use of the information we disclose to them, and have agreed to adhere to the rules set forth in this privacy statement.
- if App will be involved in a merger, acquisition, or sale of all or a portion of its assets, you will be notified via email and/or a prominent notice on our Web site of any change in ownership or uses of this information, as well as any choices you may have regarding this information.
- to the third parties having an agreement with the App.
- to the companies in charge of SDK used by the App.

We reserve the right to commercialize and distribute the data collected by the App.

### **Automatic Data Collection**

We may work with analytics companies to help us understand how the App is being used, such as the frequency and duration of usage.

### **Opt-out rights**

There are several opt-out options for users of this Application: Opt-out of all information collection by uninstalling the App: You can stop all collection of information by the App easily by uninstalling the App. You may use the standard uninstall processes as may be available as part of your mobile device or via the mobile application marketplace or network.

### **Managing Your Information**

If you'd like us to delete user provided data that you have provided via the App, please contact us at [support@macsoftex.com](mailto:support@macsoftex.com) and we will respond in a reasonable time. Please note that some or all of the user provided data may be required in order for the App to function properly.

### **Mobility services (Find My Car function)**

This function is provided by a SDK from a third part company (the "SDK Company"). The user is not allowed to prohibit the do reverse engineering of the SDK, disabling or circumvention of any access control, security or privacy mechanism of the SDK or further distribution of the SDK.

Publisher and/or the SDK Company does not provide any kind of warranty or does not have any kind of liability about the Raw Mobility Status and Location Data as the data derived from them.

The SDK will be enabled by default or from the first time the user accepts the access to the device location. The SDK can be activated and deactivated from inside the application, under the Settings menu.

For the correct work, personal and/or sensitive information (including battery consumption, Wifi and Bluetooth systems connectivity data, type of device, location, operating system, sensory input and system crash information) will be collected by the App and SDK, and the features used to do so, even when the application is shut down.

The information collected may be used by the Company and/or third parties for their own uses including commercialization of such information. The user can at any time turn off this function under the Settings menu.

### **Changes**

This Privacy Policy may be updated from time to time for any reason. We will notify you of any changes to our Privacy Policy by posting the new Privacy Policy here. You are advised to consult this Privacy Policy regularly for any changes, as continued use is deemed approval of all changes.

### **License**

The end user has only a limited non-exclusive license to use the App pursuant to the express applicable terms, and no ownership rights in the App.

### **Your Consent**

By using the App, you are consenting to our processing of your information as set forth in this Privacy Policy now and as amended by the Company. "Processing," means using cookies on a computer/hand held device or using or touching information in any way, including, but not limited to, collecting, storing, deleting, using, combining and disclosing information. By using this App, you also agree and compromise to respect all the points presented in the this privacy policy.

### **Contact us**

If you have any questions regarding privacy while using the App, or have questions about our practices, please contact us via email at [support@macsoftex.com](mailto:support@macsoftex.com)
